Health Education and Outreach Services

Health Education

- Provide FREE HIV/AIDS and/or Sexually Transmitted Disease (STD) education presentations throughout San Bernardino County.
- Positively Speaking: Persons Infected/Affected by HIV/AIDS are trained to share their story in the classroom. Positively Speaking presenters provide special prevention education to our community and help put a "face" on HIV/AIDS.
- Offer FREE educational workshops to satisfy court orders for HIV/AIDS or STD classes. A certificate of completion is provided to participants.
- Participate in community events/health fairs—free brochures, male and female condoms, dental dams, lubricants and promotional items such as keychains, flashlights, frisbees, etc.

Outreach

- Provide street outreach to individuals at risk for contracting HIV and other STDs.
- Offer FREE anonymous HIV antibody counseling and testing to the community.
- A mobile van is available to conduct HIV antibody counseling and testing throughout San Bernardino County.
- Outreach staff provide referrals for HIV/STD testing and treatment and distribute free condoms, bleach kits, hygiene kits, and prevention literature.

For more information on health education and outreach please call (909) 383-3060

HIV Antibody Counseling and Testing

Services

- Anonymous and confidential HIV antibody counseling and testing
- Education, risk reduction support and referrals for additional services
- Free brochures, latex condoms, female condoms, dental dams and bleach kits
- Results given in person 5 business days after the first visit
- Available to anyone 12 years and older (persons under 12 years of age need parental permission)

Fees

- Anonymous HIV antibody counseling and testing is free
- Confidential HIV antibody counseling and testing is \$10
- An additional \$5 fee is required for a photocopy of the results
